

Memorandum for the Log - September 26, 1951

25X1 I discussed [ ] case today with Carl P. Friend, GAO attorney. Mr. Friend told me that he finally obtained a copy of the Navy's letter yesterday, and that the contract submitted with that letter provided that [ ] compensation would be \$50.00 per consultation. Mr. Friend informed me that he will handle this problem and, tentatively, the arrangement appeared satisfactory at this time. 25X1

25X1 Later in the afternoon Mr. Friend telephoned me, after having discussed the matter with other GAO attorneys. The question was raised as to [ ] compensation when a consultation lasts for two or three days. This question was asked in connection with the possibility of a subterfuge, which seems to be of some concern.
